## PROJECTS

❖ **EchoMed App**

EchMed is a TeleMedicine App that connects parents/guardians of children with experienced and professional pediatricians from the comfort of their home. The app was built with Next Js and Firebase.
**Url**: [https://echomed.netlify.app](https://echomed.netlify.app)

❖ **RemsMoviePlus Responsive Website**

RemsMoviePlus is a responsive website where you can search for the latest movies. I built this website using React Js, OMDB Movie API and SCSS.
**Url**: [https://remsmovieplus.netlify.app](https://remsmovieplus.netlify.app)

❖ **React Note App**

React Note App is an app that can be used to take note(s). You can update (edit) and delete note(s). Also, Your notes are saved to the local storage. This app is built using React Js, react-router, localStorage and styled with SCSS.
**Url:** [https://note-app-new.netlify.app](https://note-app-new.netlify.app)
